

sonnenConnect Plenti

Be rewarded for your clean energy.

What you need to know.

sonnenBatterie operators located in the National Electricity Market are invited to participate in this exciting offer to help maintain and stabilise the electricity grid. You are rewarded for making your battery available. There is no need to change electricity providers as long as you are not already part of a Virtual Power Plant.

Region	NSW, VIC, QLD, ACT, SA & TAS
sonnenBatterie	Minimum of 4 kWh capacity.
Plan ID	sCon_PLENTI_23
One-time subsidy	\$500, excluding GST. This subsidy is used to reduce the cost of sonnenBatterie purchase using Plenti's financing.
Daily credit	After the initial term, participants will receive \$0.50 per day, excluding GST.
Reimbursements	Participant will reimburse the subsidy to sonnen on a daily Pro-rata basis where the sonnenBatterie is unavailable for operation by sonnen.
Term	Initial term of 12 months, monthly renewal thereafter.
Exit	Participants can exit the program at any time by reimbursing the subsidy to sonnen on a pro-rata basis.
Operating rights	sonnen can remotely operate the sonnenBatterie at any time.
Reporting	sonnen will provide monthly reports containing operating details.
Conditions	sonnenConnect participants cannot subscribe to sonnenFlat concurrently. sonnenConnect participants cannot be part of any other Virtual Power Plants.
Agreement	Participant and sonnen Australia Pty Ltd are the contracting parties.
Validity	Offer is valid until 01 December 2023.
